THE MINISTRY OF HEALTH, KINGDOM OF SAUDI ARABIA ENDORSEMENT LETTER FOR THE 5TH EDITION OF THE WASTE MANAGEMENT & RECYCLING SUMMIT 11TH & 12TH OCTOBER IN JEDDAH, KINGDOM OF SAUDI ARABIA

The Ministry of Health, Kingdom of Saudi Arabia +under the patronage of His Excellency Eng. Khalid bin Abdulaziz Al-Falih, Minister of Health, Kingdom of Saudi Arabia is pleased to endorse and support the 5th Edition Waste Management and Recycling Summit which will be held on the 11th and 12th of October 2015 in Jeddah, Kingdom of Saudi Arabia.

The Ministry of Health, Kingdom of Saudi Arabia would actively participate in The 5th Edition Waste Management and Recycling Summit and nominate two senior representatives to deliver two keynote presentations at this summit.

The theme of this summit is "Moving the Kingdom of Saudi Arabia towards a more Sustainable and Waste Free Future" and will feature topics related to Implementation of the 7 R's, The Importance of a Waste Management & Recycling System or Hierarchy, Government Mandates for Waste Management & Recycling, Waste Segregation, Healthcare Waste, Chemical Waste, Waste Water Treatment, Sanitation, Oil & Gas Waste, Construction & Demolition Waste, Industrial Waste, Electronic Waste, The Importance Public Awareness Campaigns, Environmental Issues Caused by Waste, Waste to Energy, Recovery from Waste, Current Government Policies & Plans for Waste Management & Recycling and the Handling & Transportation of Hazardous Waste.

We hope this summit will provide a useful platform for all the government and non-government stakeholders, international experts and solution providers to exchange experiences, debate divergent view points, exchange ideas and come up with innovative solutions which will lead to faster developments across the Kingdom's waste management and recycling sector.

We encourage all relevant organizations both solutions seekers and solution providers to attend and actively participate in the 5th Edition of the Waste Management & Recycling Summit 2015. We look forward to meeting you at this summit which is an initiative by Nispana to move the Kingdom of Saudi Arabia towards a more sustainable and waste free future.

The Ministry of Health, Kingdom of Saudi Arabia takes this opportunity to complement the organizers Nispana for their continuous efforts across the waste management sector and wish they endeavor a grand success.

Dr. Fahad Qumri
Head Of Environmental & Occupational Health
Directorate of Health Affairs Jeddah

Waste Management & Recycling Summit

Moving The Kingdom of Saudi Arabia Towards A Sustainable Future And Zero Waste

11th & 12th October 2015, Le Meridian Hotel Jeddah, Saudi Arabia

Workshop Overview

With rapid urbanization and a growing population of 29.9 million people and rising, the per capita waste generated per person per day is between 1.5kgs to 1.8kgs, which makes waste management an increasingly important concern that needs to be addressed immediately.

Waste needs to be safely managed because it is potentially hazardous to the human health and the environment. Globally there has been a rapid change in environment due to the increasing waste generated from every sector running into Billion tons of waste produced per year. Hence, we at Nispana bring to you the 5th Edition of the Waste Management and Recycling Summit.

The theme of this summit is "Moving the Kingdom of Saudi Arabia towards a more Sustainable and Waste Free Future" and will feature topics related to Implementation of the 7 R's, The Importance of a Waste Management & Recycling System or Hierarchy, Government Mandates for Waste Management & Recycling, Waste Segregation, The Importance Public Awareness Campaigns, Environmental Issues Caused by Waste, Waste to Energy, Recovery from Waste, Current Government Policies & Plans for Waste Management & Recycling and the Handling & Transportation of Hazardous Waste.

We encourage all relevant organizations both solutions seekers and solution providers to attend and actively participate in the 5th Edition of the Waste Management & Recycling Summit 2015

Sponsor & Exhibitor Categories

- Waste Management & Recycling Technology Providers
- Waste Management Applications
- Waste Bins
- Waste Transportation Solutions
- Waste Water & Sludge Treatment Solutions
- Filtration Systems
- Waste to Energy Solutions
- Fuel Derived from Waste
- Municipal Solid Waste Solutions
- Construction & Demolition Waste Solutions
- NORM
- Industrial Waste Solutions
- Metal, Plastic & Rubber Recycling Solutions
- Landfill Technology & Solutions

Who will attend?

- Government Officials - Ministries, Municipalities & Regional Authorities
- Waste Generators - Businesses and Organizations that Generate Waste
- Healthcare & Pharmaceutical - Hospitals and Pharmaceutical Manufacturing Companies
- Hospitality - Retail Food Chains, Hotels, Malls & Resorts
- Academic and Research Institutions - Universities both Technical & Non Technical
- Manufacturing - Product Manufacturing Companies such as Chemicals, Paints, Electronic Products, Plastic & Rubber Products & Paper Products
