

About TANKARIA Website

Edited By: Nasir Lotiya

This website was registered on Feb 16, 2007, at 6:35 AM. It was the first website of our beloved village. It was known as "Tankaria Wetpaint website" up to May 2013. Due to the change of ownership of the service provider from Wet Paint to Wiki Foundry in May 2013, all wet paint websites became wiki foundry websites. For this reason, from May 29, 2013, tankaria wetpaint website also became tankaria.wikifoundry.com

Our Vision- "Connecting People- Collecting and Sharing ideas"

Everyone has past experiences that are worth sharing.

Progress is not possible without proper communication. To reach our goal, we need to connect people and have effective communications. By connecting people, our aim is to get ideas and support from Tankarvi brothers, our elders, and professional experts of our community living all around the world.

Our Mission- Progress of our beloved village Tankaria and its people Tankarvis living all around the world.

An idea that is developed and put into action is more important than an idea that exists only as an idea.

Let's unite for the progress of our beloved village. "We are only as strong as we are united, as weak as we are divided."

A chain is only as strong as its weakest link.

Our goals- When we set a goal, we need to be as specific as possible. Knowing exactly what we want to achieve keeps us motivated until we get there. We need to think about the specific actions that need to be taken to reach our goals. We need to discuss and set the most urgent priorities. We need to know what our priorities are and how we are doing. Please share your ideas on our **Tankaria Message Board (Link provided on the Home Page)**. Please feel free to post your messages in English, Gujarati, Simple Gujarati written in Latin/Roman alphabets or Hindi.

A goal sometimes seems so far off, and our progress often appears to be so painfully slow, but not losing hope we need to continue with our best efforts. Of course, teamwork is needed. We all have to take our part at our

level at the same time we have to motivate all those Tankarvis who are really into the action.

we need to continue with more precise and collective efforts to reach all our goals one by one.

Progress- Alhamdulillah, so much good work done by Tankarvis during the last few years, and now we can see very good progress in Tankaria. We all are thankful to all those Tankarvis for their vision, for their great ideas, for their financial supports, for their hard and inspirational works. We have done some remarkable progress due to team spirit.

Even though we all Tankarvis worked hard, and we have made remarkable progress still, we need to continue with more precise and collective efforts to reach our goals.

Let's all work together to achieve our goals one by one. Let's work as a team.
